Step 4

Set up your email address

Once you have entered your Activation code you will be prompted to confirm your email address.

We recommend you use a personal email address rather than a work email address so you can continue to access your online account if you were to leave your job or retire.

Click 'Confirm email'

Set up your email address

Thank you for verifying your identity.

To complete set up, we need you to confirm the email you would like associated to your account.

This is the email we will use to contact you and to send your annual statements to, so please use an email that you won't lose access to should you change job.
