- LGPS consultation changes

The newsletter for Active and Deferred members of the Local Government Pension Scheme in Berkshire

THE ROYAL COUNTY OF
BERKSHIRE
PENSION FUND

Welcome

Welcome to the Spring 2026 edition of **The Quill** - the newsletter for Active and Deferred members of the Royal County of Berkshire Pension Fund. We hope this newsletter finds you well.

This edition of **The Quill** features the latest LGPS pension news and updates. The new pension contribution bandings for 2026/2027 can be found on page 3 and the 2026 pensions increase confirmation is found on page 6.

We are pleased to announce that our upgraded pension portal, **'Engage'**, is now live. Guidance on how to create your online account can be found on page 4.

Finally don't forget to have a go at our Spring sudoku competition on page 23.

If you have any questions about your Berkshire pension please do not hesitate to contact us.

Best wishes,

Simon Bond

Councillor Simon Bond, Chairman, Berkshire Pension Fund Committee and Berkshire Pension Fund Advisory Panel

Pension contributions 2026/2027

If you are an Active member of the LGPS the contribution rate you pay each month is based on the annual pensionable pay you earn.

Every April your employer will apply the rate of contribution for each contract of employment.

The contribution bandings for **2026/2027** are shown below:

	Actual annual pensionable pay	Main Section contribution	50/50 Section contribution
1	Up to £18,400	5.5%	2.75%
2	£18,401 to £29,000	5.8%	2.9%
3	£29,001 to £47,300	6.5%	3.25%
4	£47,301 to £59,800	6.8%	3.4%
5	£59,801 to £84,000	8.5%	4.25%
6	£84,001 to £119,100	9.9%	4.95%
7	£119,101 to £140,400	10.5%	5.25%
8	£140,401 to £210,700	11.4%	5.7%
9	£210,701 or more	12.5%	6.25%

If you are in the Main section of the LGPS your pension builds up based on **1/49th** of your annual pensionable pay. If you have elected to join the 50/50 section your annual pension builds up based on **1/98th** of your pensionable pay.

Calculate your monthly cost

You can use an online calculator to find out how much you pay each month from your salary based on your contribution banding: <https://www.lgpsmember.org/help-and-support/tools-and-calculators/>

Pension contributions and tax relief

Contributions are deducted from pay before tax. This means that for an employee who pays tax at 20%, every £1 contributed to the scheme actually costs 80 pence.

Welcome to 'Engage'

We are pleased to announce the launch of 'Engage' - our upgraded member portal offering enhanced features, improved usability, and a more personalised experience.

All members visiting the 'Engage' portal for the first time will be prompted to **'Create an account'**.

Once you have created your account on 'Engage' you will be able to login using your email address and password.

Visit the 'Engage' portal and follow the on-screen instructions.

What are the key features of 'Engage'?

- Access to your pension account **24/7**
- Calculate your own pension estimates using our **Benefit calculator**
- Estimate your future retirement income with Engage's **Retirement Planner**
- Access your current and past **Annual Benefit Statements**
- Keep your **personal details** and **beneficiary information** up to date
- Use the secure **document upload** facility
- View your **pension payslips** and **P60** information online

Creating your 'Engage' account

1 Visit our Engage website page and select '**Create an account**'.

2 Tick the box and select '**Let's begin**'

3 Enter your Surname, Date of birth and National Insurance number - click '**Submit**'

4 If the information you have submitted matches the data held on our pension records you will be sent an email to the email address we hold for you on file. Please check your spam and junk folders for this email. If you haven't received the email within 10 minutes of entering your details please contact us for assistance. If we do not hold an email address for you on file we will send an activation code in the post to enable you to complete your registration

5 You will be asked to create a password – your password must contain:
1 number, 1 uppercase letter, 1 lowercase letter and 1 special character. Click '**Submit**'

6 A **6-digit code** will be sent to your email address

7 Enter the 6-digit code you have received and click '**Continue**'

Your account has now been created and you can login to 'Engage'.

Each time you login you will be sent a one-time 6-digit passcode to your email address.

When creating your login details we recommend that you use your personal email address rather than a work one.

Visit www.berkshirerepensions.org.uk for more information on 'Engage' and to create your account.

Pensions increase 2026

The rate of pensions increase is currently linked to the Consumer Prices Index (CPI) and is calculated in line with the CPI index based on the 12 months to September. If you are an **Active** scheme member your CARE pension built up each scheme year is revalued in line with CPI.

As the September 2025 CPI rate was 3.8%, your active pension account will be revalued from **6 April 2026** by **3.8%**.

Year	CPI Percentage
2026	3.8%
2025	1.7%
2024	6.7%
2023	10.1%
2022	3.1%
2021	0.5%
2020	1.7%
2019	2.4%
2018	3%

If you are a Deferred member...

As a deferred (former) member of the LGPS you continue to receive an increase on your pension benefits every April. Therefore your deferred pension will increase by **3.8%** from **6 April 2026**.

Your Deferred Benefit Statement will be available to view on your online account by 31 August 2026.

Budget 2025 response

The Chancellor delivered the 2025 Budget in November. As part of the announcements, the Government confirmed that a cap will be introduced on the National Insurance savings available to both employers and members when pension contributions are made through a salary sacrifice arrangement. This limit is scheduled to take effect from 6 April 2029.

Contributions to the LGPS are not paid through a salary sacrifice arrangement and so most members will not be affected by this change.

Some employers allow LGPS members to pay Additional Voluntary Contributions (AVCs) through a salary sacrifice arrangement. The change will only affect members who pay more than £2,000 a year into an AVC through a salary sacrifice arrangement after 5 April 2029. Remember, most LGPS members will not be affected by this change.

LPP investments *update*

The Royal County of Berkshire Pension Fund is a member of the Local Pensions Partnership (LPP), one of the major investment pools established under the Government's initiative for LGPS Funds.

In October 2025 LPP announced that it had welcomed six new LGPS partner funds, helping to fulfil the next step of the Government's 'Fit for the Future' initiative.

The six new LGPS partner funds increase the pool to nine LGPS partner funds, with Assets Under Management of £54bn (up from £23bn).

The **Devon, Avon, Dorset, Somerset, Cornwall** and **Environment Agency** pension funds have chosen LPP as their preferred LGPS pool following an extensive due diligence process.

They join LPP's existing three partner funds: **Lancashire County Pension Fund**, the **London Pensions Fund Authority** and the **Royal County of Berkshire Pension Fund**.

Updated Responsible Investment policy

At the Pension Fund Committee meeting on 8 December 2025, the Fund's Responsible Investment Policy 2025 was adopted. The updated policy can be found in the Policies and Reports section on our website:

<https://www.berkshirerpensions.org.uk/policies-and-reports/pension-fund-policies>

The Fund considers itself a Responsible Investor, recognising that environmental, social and governance (ESG) considerations, including non-financial factors, can impact financial performance.

Accordingly, it aims to ensure these considerations are integrated into investment analysis, engagement, and stewardship in a proportionate and pragmatic way, to secure sustainable investment returns in line with its primary objective to safeguard the pensions of its members and beneficiaries.

In accordance with its updated Responsible Investment Beliefs, other than companies involved in the manufacture of controversial weapons and extractive fossil fuel companies, the Fund does not specifically exclude any industrial sectors or specific companies from its investment portfolio, preferring constructive engagement over divestment, using its shareholder rights to influence corporate behaviour.

The revised policy includes new Responsible Investment Beliefs covering how the Fund responds to public concern and how it considers current and future investments in Conflict-Affected and High-Risk Areas, working with its investment pool company, LPPI, and its partner funds within the pool to achieve suitable outcomes.

Should you have any questions on the revised Responsible Investment Policy, please contact **Jo Thistlewood, Head of Pension Fund**, by email jo.thistlewood@rbwm.gov.uk

Increasing your pension income

If you are an active member within the Main section of the LGPS you can pay extra contributions to purchase additional annual pension income - these are known as **Additional Pension Contributions (APCs)**.

You can pay **APCs** as regular monthly contributions over a number of complete years (minimum 12 month term) or you can pay a lump sum either from your monthly salary or paid directly to the Pension Fund.

The cost to purchase additional annual pension through APCs is determined by your **age, term of payment** and the **amount you wish to purchase**.

You can find out the cost of buying additional pension by using the **online 'Buy extra pension calculator'**.

<https://www.lgpsmember.org/help-and-support/tools-and-calculators/>

Any amount of additional annual pension purchased, whether a pro rata amount or the full amount will be subject to a reduction if payment of your pension commences before your Normal Pension Age.

Maximum Additional Annual Pension Limit

The total additional annual pension you can buy is currently **£9,054** (effective from 1 April 2026).

The maximum amount of annual pension you can purchase increases every April in line with inflation.

Please note: if you cease payment of APCs earlier than the end of the prescribed payment period you will only be entitled to a pro rata of the additional pension you elect to purchase.

Tax Relief and APCs

If you pay APCs through your monthly salary and you are a tax payer you will receive tax relief at source. If you choose to make a lump sum payment directly to the Pension Fund, you will need to arrange tax relief directly with HMRC.

Boost your pension savings with **AVCs**

If you are an active scheme member in the LGPS you can pay Additional Voluntary Contributions (AVCs) to our in-house AVC scheme run by **Prudential**.

You can pay a monthly contribution and choose how you would like your contributions to be invested. If you have an AVC fund with Prudential, you have a number of options available at retirement:

- take up to 100% of your AVC fund as a tax-free cash lump sum at the point you claim your LGPS pension (as long as you are within certain tax limits to do so)
- use your AVC fund to buy an annuity pension on the open market
- use your AVC fund to buy an additional amount of annual pension within the Berkshire Pension Fund

You can use an online calculator to find out the maximum AVC fund value that you could take as tax-free cash: <https://www.lgpsmember.org/help-and-support/tools-and-calculators/>

Deductions commence from the next available pay date following your election to pay AVCs and you can vary or cease payments at any time whilst you are contributing to the LGPS.

To find out more about AVCs and how to start contributions contact the Prudential on **0345 600 0343** or scan the QR code below.

Some of our employers also offer a **Shared Cost AVC arrangement**.

A SCAVC is an AVC plan arranged through the LGPS that both you and your employer contribute to. Under a SCAVC arrangement you pay lower NI contributions as well as receiving tax relief. Your employer would also pay reduced NI. If your employer offers SCAVCs, they will provide more information through their employee portal.

The 'McCloud Remedy'

When Public Sector pension schemes changed from Final Salary to CARE in 2014 and 2015, older scheme members were protected from the changes. In 2018, the Courts found that younger scheme members had been discriminated against because the protection afforded did not apply to them.

Changes made to the LGPS Regulations from 1 October 2023 removed the discrimination found, these changes are called the 'McCloud Remedy' and it is only those employees that were in pensionable service during the McCloud Remedy period from 1 April 2014 to 31 March 2022 that may be affected by the changes.

As a member of the LGPS you do not need to do anything. When you take your pension, we will compare the pension you built up in the remedy period with the pension you would have built up in the final salary scheme. If the final salary pension would have been higher, the difference will be added to your pension. Your annual benefit statements from 2025 onwards include any additional pension awarded to you under the McCloud Remedy.

View your Annual Benefit Statement online... You can view your Annual Benefit Statements up to 2025 in the '**Documents and uploads**' section of your 'Engage' online account.

If you are an Active member your statement will show you the value of your pension benefits calculated to 31 March each year and to your Normal Pension Age (NPA).

If you are a Deferred member your statement will show you the current value of your pension benefits assuming you claim them from your NPA.

A personalised 5 minute video is available to watch on your 'Engage' account. The video is unique to your pension and walks you through the most important parts of your statement.

Earliest retirement age

As you may be aware the UK Government previously announced that the minimum age for taking a pension will increase from **55 to 57** on **6 April 2028**.

You **may** be protected from this increase if:

- you joined the LGPS in England or Wales **before 4 November 2021**, or
- you transferred a previous pension into the LGPS and **meet certain qualifying conditions**.

If you have this protection, you may still be allowed to take your LGPS pension before age 57. However, this will only be possible if the LGPS rules allow benefits to be paid before age 57 after April 2028.

The UK Government is responsible for setting the LGPS rules and has **not yet confirmed** whether members with protection will be able to take their LGPS pension before age 57 from 6 April 2028. We will keep you updated as soon as further information becomes available.

Claiming your pension early...

If you plan to retire and take your pension **before** your Normal Pension Age (NPA), the pension team requires at least **three months' notice**.

Please send your notice by email to:

info@berkshirerpensions.org.uk

Payment of your pension

At the point you claim your LGPS pension you will receive a monthly payment into your bank account on the last working day of the month.

Your pension is...

- payable for your lifetime
- increased every April in line with the Consumer Prices Index (CPI)
- a taxable income, (however any retirement lump sum payable is 100% tax-free)
- payable in addition to your State Pension

Pensions Dashboards - what you need to know

Pensions Dashboards will allow you to view all your UK pension information in one secure, easy-to-use place - including your State Pension, your LGPS pension, and any other UK pensions you may have.

The dashboards have been designed to give you clear, simple information to help you plan for a financially secure future. Dashboards will be free to use and are expected to launch in October 2026.

The first dashboard to launch will be the Government's MoneyHelper dashboard, with commercial dashboards from banks and other financial organisations following later.

Pensions Dashboards will also help people find lost pension pots. There is at least £31 billion in unclaimed pension pots in the UK. If you want to track down a lost pension before dashboards are launched, you can use the GOV.uk pension tracing service:

<https://www.gov.uk/find-pension-contact-details>

To make sure your pensions appear correctly on the dashboards, it's important that all your pension providers hold your up-to-date personal details. This includes changes such as a new address or name.

To find out more about the Pensions Dashboards programme visit the Pensions Dashboards website:

<https://www.pensionsdashboardsprogramme.org.uk/>

Keeping your details up to date

You can check and update your contact details with the Berkshire Pension Fund by logging into your 'Engage' account.

If you have other LGPS pensions in England or Wales, you can also ensure their records are correct. Contact details for all 86 LGPS Funds are available on the LGPS member website:

<https://www.lgpsmember.org/contact-your-fund/>

'Expression of Wish' form

In the event of my death I wish the administering authority for the Local Government Pension Scheme to make payment of any lump sum death grant to which entitlement may arise by virtue of my membership of the Scheme to the beneficiary(ies) listed below:

Beneficiary 1		
Name	Relationship	Proportion (%)
Date of birth (if known)	Address	

Beneficiary 2		
Name	Relationship	Proportion (%)
Date of birth (if known)	Address	

Beneficiary 3		
Name	Relationship	Proportion (%)
Date of birth (if known)	Address	

Beneficiary 4		
Name	Relationship	Proportion (%)
Date of birth (if known)	Address	

Please note your Expression of Wish form will only be valid if the proportions listed above total 100%

IMPORTANT: If you have nominated your husband, wife, co-habiting partner or civil partner and in the event of you both passing away together please indicate here how you wish the Death Grant to be distributed (e.g split equally between children or other family members etc.)

NAME	RELATIONSHIP	PROPORTION (%)

I understand that this notice may be cancelled or amended, in writing, at any time and that the administering authority is not bound by the notice, that it has absolute discretion when making payment and that it may be disregarded in certain circumstances.

Signed		Date	
Full Name		Employer (with Berkshire Pension Fund)	
Home Address			
Post code		NI Number	

Please return your completed form to: **The Royal County of Berkshire Pension Fund, Zone C, Town Hall, St. Ives Road, Maidenhead, Berkshire, SL6 1RF** or you can scan your completed form to info@berkshirepensions.org.uk

Protection for your family

As an active or deferred member of the LGPS you have peace of mind that should the worst happen, your loved ones will be provided for. Life cover is provided from day one of your membership. Part of this life cover includes a '**Death Grant**'.

What is a Death Grant? A Death Grant is a tax-free lump sum payable to your loved ones in the event of your death before retirement. You are able to state who you would like to receive this benefit by completing an '**Expression of Wish**' form.

You can choose one person, a number of people or a charitable organisation. We have provided a form on page 16 or you can update your wishes by logging in to your 'Engage' online account.

Note: If you also have a deferred benefit and/or a pension in payment from a previous period of membership in the LGPS, the lump sum death grant paid is **the greater of:**

- the total of any lump sum death grants payable from the deferred and/or pensions in payment
- three times your annual assumed pensionable pay at your date of death

How much is payable as a Death Grant?

If you are an Active member - if you pass away as an active member the value of the death grant is three times your annual Assumed Pensionable Pay at date of death.

If you are a Deferred member - if you pass away after leaving the LGPS but before you take your pension the death grant payable depends on when you left:

- **If you left before 1 April 2008** – the value of your lump sum retirement grant is paid as a death grant
- **If you left after 31 March 2008** – five times the value your deferred annual pension is paid as a death grant

LGPS consultation changes

The last few months has seen the Ministry of Housing, Communities and Local Government (MHCLG) launch several consultations that are likely to impact the LGPS regulations in the years to come, these consultations asked for the views and opinions on planned changes to the LGPS in England Wales from LGPS Pension Funds, employers and software providers. A summary of these consultations is provided below:

LGPS Fit for the Future and Pension Scheme Bill 2025

In July 2024, MHCLG launched a landmark pensions review of workplace pensions schemes, including the LGPS. Following an initial consultation in November 2024 a further consultation was released in November 2025 that closed on 2 January 2026.

The LGPS is fully funded with good investment returns and has achieved many successes in recent years. These include the establishment of LGPS asset pools as strong regional investment managers.

The focus of the review for the LGPS, therefore, was to look at how tackling fragmentation and inefficiency can unlock the investment potential of the LGPS, including through further consolidation.

It is important to note, these changes **do not** concern any element of the benefit structure of the LGPS and instead two sets of draft Regulations are stated to come into force on 1 April 2026, subject to the Pension Schemes Bill 2025 being granted Royal Assent (becoming the Pension Schemes Act 2026).

These regulations focus on improving the effectiveness of asset management, local investment, reporting, and governance, while ensuring value for money for members and taxpayers.

LGPS Access and Fairness

This consultation ran from 15 May 2025 to 7 August 2025 and it sought to address perceived inequalities in the treatment of LGPS members and their dependants, particularly in relation to survivor benefits and lump sum death grants. It also covered proposed amendments to LGPS forfeiture provisions and several additional points.

The government acknowledged the concerns which had been raised about the administrative impact of the changes proposed in relation to access and fairness and therefore confirmed that it will adopt a phased approach to their introduction.

Priority will be given to changes, expected from 1 April 2026, where the government believes there is existing discrimination. These being:

- Survivor benefits and death grants
- Gender pension gap (unpaid absences)
- McCloud Remedy updates
- Lifetime Allowance
- Combined County Authorities as Scheme Employers

The second phase expected later in 2026 will focus on the implementation of changes to the LGPS in relation to:

- Opt-out reporting
- Forfeiture
- All other regulation changes

LGPS Access and Protections

This Consultation ran from 13 October 2025 to 22 December 2025 and covered four areas relating to access to the LGPS and its benefits around:

- Normal Minimum Pension Age – age 55 increasing to age 57
- Access for Elected Members - Mayors and Councillors
- Academies in the LGPS
- New Fair Deal

More about the upcoming changes described will be shared with members and employers via the Pension Fund's website and newsletters as soon as further details become available.

Berkshire Pension Fund valuation

Every three years the Pension Fund undergoes a 're-valuation' of its assets and liabilities.

The valuation is a health check to see if the Fund's assets are sufficient to meet its liabilities. It is carried out by the actuary to the Fund, **Barnett Waddingham LLP**.

The key purpose of the valuation is to set employer contribution rates for the forthcoming valuation period - **1 April 2026 to 31 March 2029**.

The full valuation report will be published shortly on our website: <https://www.berkshirerensions.org.uk/policies-and-reports>

Quick Q and A

What type of scheme is the LGPS? - the LGPS is a Defined Benefit (DB) Scheme which means the benefits you build up are defined in legislation and therefore set out in law. There are set formulae and strict regulations governing how benefits are calculated and paid.

Do I have a pension pot? - no, under the LGPS you do not build up a pension pot value. Instead you build up pension income every year based on your earnings and a set formula. Your pension is not based on investment return, stock markets or annuity rates.

Does my employer match my pension contribution? - your employer pays the balance of the cost of providing pension benefits payable on retirement. The contributions you and your employer pay do not go towards the calculation of your pension.

LGPS online modellers and videos

A series of online calculators are available to help you understand how your pension builds up in the LGPS, how to pay extra and the cost to you.

<https://www.berkshirepensions.org.uk/members/pension-tools-and-calculators>

Contribution Calculator

Find out the monthly cost of being a member of the LGPS.

Pension Account Modeller

The Pension Account Modeller is to help you understand how pension accounts work under the CARE Scheme.

Lump Sum Calculator

You can use this calculator to find out how much tax-free lump sum you could have at retirement.

Additional Pension Calculator

You can pay additional pension contributions (APCs) to boost your pension at retirement.

Maximum AVC Calculator

If you have an AVC fund use this calculator to find out the maximum AVC fund value that you could take as tax-free cash.

LGPS Videos

A series of bite-sized videos are available to help you learn more about how the LGPS works and the benefits of being a member. Each video is less than 4 minutes long and provides a short summary around an LGPS topic.

- What is a pension?
- How your pension works
- Looking after your pension
- Protection for you and your family
- Life after work
- Your Annual Allowance
- Transferring your pension

Pension scams - *steps to stay scam safe*

Pension scams can be hard to spot. Scammers can be articulate and financially knowledgeable, with credible websites, testimonials and materials that are hard to distinguish from the real thing. The **Pension Scams Action Group (PSAG)** has put together a checklist to go through if you're ever approached about your pension.

Is the offer unexpected? Legitimate pension providers are highly unlikely to contact you out of the blue about your pension. Be wary of free pension review offers and/or promises of high/guaranteed returns.

Have you checked who you're dealing with? The **Financial Conduct Authority's (FCA)** website has a Financial Services Register you can check to make sure that anyone offering you advice or services is authorised to do so.

Always ensure a firm is FCA authorised or you won't be protected by the Financial Ombudsman Service or Financial Services Compensation Scheme if something goes wrong. <https://register.fca.org.uk/s/>
Tel: 0800 111 67 68

Stop and think – are you being rushed or pressured? Pressure to act quickly or you will miss out is often a warning sign. Take your time to make all the checks you need and remember, if it sounds too good to be true, it probably is.

Stop! Think Fraud

Learn more about how to spot and avoid scams.
